## PAUL HAMMEL FROM SAN FRANCISCO

Our Customer Paul Hammel commissioned Moderustic Inc To create and build a unique Fire Feature for his Patio. The materials used in this Fire Pit was made with a special "Weathering Steel" by the name of "Cor-ten Steel" this special steel alloy was developed to eliminate the need for painting, to form a stable "Rust-Like" appearance once exposed to the weather for several years.

This is a Color sample of the Rust-Like Appearance from Cor-Ten Steel
